Cabrini Team Health
Help for those in need

Brought to you by
Cabrini Team Health
Our Mission

Cabrini Team Health, in collaboration with community partners, is dedicated to improving the education and health outcomes of low-income/poverty level students and families of all denominations in Diocesan Catholic schools. Guided by faith and values consistent with the teachings of the Roman Catholic Church, our mission is to positively impact the circumstances of students and families by fostering programs and educational experiences that improve their lives. Building upon the foundation that the Catholic schools provide, the initiatives will address the Social Determinants of Health to provide for the needs of students and families, thereby reducing health prevalent disparities.

Cabrini Team Health
Confidential Assistance with:
