Spring and Easter books and new alphabet game in Library

NYSSD Collaboration:
Beginning March 27, we will welcome three PreK students and their teacher to join us from the New York State School for the Deaf. We will spend one hour per week interacting and playing with them at center time. We are excited to be learning a few signs to better communicate with our new friends. It is an excellent opportunity for all involved. They will come Tuesdays from 9:30-10:30
